

MAX

Maximising Migrants' Contribution to Society

Diversity Dialogue Fora Netherlands

Tuesday 15th of June 2021 7:30-8:30 pm CET

[Register here](#)

Tuesday, June 15, as part of the Max Project, we will be organizing a dialogue forum (DDF) about the added value of migrants for the labor market and the Dutch economy. During the evening we have 3 speakers who will talk about their experiences in their own area of expertise, namely Oscar van der Ende from Build Your Own Future, Burhan Kocabiyik (ARspar) and Member of the Dutch Parliament Mustafa Amhaouch.

The speakers

The speakers will be given the opportunity to tell their story. The speakers will also receive questions from the moderator about how they think about the added value of migrants.

Oscar van der Ende has a company where he coaches newcomers to realize business ideas. With this he tries to help newcomers to contribute to society and he tries to speed up the integration process.

Burhan Kocabiyik has been living in the Netherlands for several years and has a successful company in Augmented Reality (ARspar) with which he develops 3D models for companies with a webshop.

Mustafa Amhaouch has been a Member of Parliament for the CDA since 2015, in which he advocates for entrepreneurs in the Netherlands as spokesperson for Economic Affairs.

Dialog Fora Platform (DDF)

With our local DDF we aim to bring together the local residents, organizations involved in the integration of migrants and entrepreneurs to overcome stereotypes and misconceptions about the contribution of migrants to EU society. During this meeting we will mainly focus on the contribution of migrants to the Netherlands.
