CREATING A MORE INCLUSIVE SOCIETY IN SLOVENIA

17 June 2021

The project involves 20 partners, 15 local organisations from 12 EU Member States as well as five EU-level partners.

The project involves 20 partners, 15 local organisations from 12 EU Member States (BE, CZ, DE, EE, EL, ES, FR, SI, IT, NL, PL and SE) as well as five EU-level partners. It thus draws on a wide variety of local first-hand experiences of migrants and their host communities, from three very contrasting regions of the EU:

northern industrial/commercial, southern rural and central-eastern European. It will process the life stories and messages based in these local experiences in the light of a pan-European perspective which can be fed back to the communities across the EU.
